THE "HOW ABOUT THIS DEPARTMENT~!" GRAHAM AND DAVID BAKER HAVE DONE IT AGAIN!! ITS THE "ZAMBONIE" OF THE DRAG STRIPS!! ITS A POWER CLEANER EXTRODIARE, ITS THE BEST INVENTION SINCE SLICED BREAD!! NHRA HAS ONE, THERE IS ONE IN EURPE AND NOW THERE IS ONE RIGHT HERE AT HOME AT HOUSTON MOTORSPORTS PARK!

IT'S A SLICER, A DICER, IT JULIANS, AND MAKES PEFRECT FRIES!! THE BAR GOING ACROSS SPRAYS A CONCENTRATED SOAP. THE FIRST BRUSH SPRAYS A DILUTED SOAP AS IT SWEEPS AND THE BRUSHES IN THE MIDDLE SPRAY SOAP AGAIN. THE TURBINE IS HYDRAULIC POWERED AND CREATES THE VACCUM. THERE IS A SQUEEGE ACROSS THE BACK DIRICTING THE SOAP TO THE VACCUM INLET... AT THE VERY BACK ARE BURNERS TO DRY WHATS LEFT!

THE NEW TRACK CLEAN-UP SCRUBBER CAN CLEAN UP A NORMAL 45MIN SPILL IN ABOUT 10 MIN OR LESS, IT AIN'T CHEAP AT \$60 GRAND BUT ITS GONNA SPEED THE CLEAN UP TIMES TO ALMOST NOTHING! NO MORE LATE NIGHT FINAL ROUNDS!! AND ONE OTHER THING THE POLLEN THAT GETS ON THE TRACK, "FORGET ABOUT IT, ALREADY ALRIGHT"!
